To whom it may concern,

My name is Jarryd Wyatt, currently employed as a Student of Architecture at KiR Architecture and in the final semester of my Master's degree in Architecture at Monash Caulfield University. With a passion for design and a commitment to excellence, I am eager to contribute my skills and grow professionally in a midsize architectural firm like yours.

For nearly two years, I have gained valuable experience at KiR Architecture, working on both residential and commercial projects. I've honed skills in construction processes, software, and collaborative problem-solving while contributing to various design phases and tackling real-world architectural challenges.

My responsibilities included conducting site visits, client consultations, creating concept designs, preparing town planning applications, producing construction drawings, and creating architectural visualizations. I also managed two small projects largely independently, further refining my project management skills.

I completed my Bachelor of Architectural Design at Monash from 2019 to 2021, achieving the highest WAM in my cohort. I believe my attached portfolio reflects my technical proficiency, creativity, and dedication.

Outside work, I've held leadership roles requiring strategic planning, problem-solving, and communication skills. I mentored first-year architecture students and served as President, Treasurer, and Secretary of the Christian Union Club, where I organized events and liaised with the student union.

I am excited about the opportunity to bring my enthusiasm and expertise to your firm. Thank you for your consideration, and I look forward to contributing to your team.

Sincerely
JARRYD WYATT

Jarryd Wyatt

I am a motivated architecture graduate passionate to advance my career in the industry. With a strong interest in the technical aspects of architecture, I am committed to designing, developing and documenting sustainable designs that are both practical and innovative. I value approachability and consistently strive to exceed expectations, aiming to make a positive impact in every project I undertake.

Work Experience

KiR Architecture / Kew, Australia / 2022-2024

Collaborated with architects and graduates on various residential and commercial projects throughout multiple design phases. Responsibilities encompassed site visits, client consultations, conceptual design, presentations, construction and FFE documentation, supplier coordination, and architectural visualization.

Adaptalift Group / Springvale, Australia / 2022-2023

Served as an Asset Manager overseeing the administration of forklift assets across all branches on a national scale. This role required meticulous attention to detail, including tasks such as data entry, data analysis, supplier communication, and parts ordering.

Monash University PASS leader / Caulfield, Australia / 2020-2021

Created weekly online Peer Assisted Study Sessions (PASS) to assist first-year students in Architectural Communication and Technology. Worked with Unit and PASS Coordinators to design and deliver content.

Eurocon Civil Ltd / Auckland, New Zealand / 2021 (4 weeks)

Commissioned to produce image and video renderings of an apartment for the realtor. This project involved regular communication, responding to feedback, and delivering presentation-quality renderings.

Volunteering/Service

Volunteer and Director for Beach Missions / Balnarring + Rosebud, Australia / 2018 - Present

Worked with a team of volunteers to create week-long summer holiday programs for families and children. Oversaw graphic design, video production, photography, acting, small-group leadership for children, and food preparation.

Committee member for Monash Caulfield Christian Union / Caulfield, Australia / 2019 - Present

Currently President; previously Secretary and Treasurer. Helped organize social events, represent the club, and communicate with the university student union.

Competition/Awards

Bee Breeders Competition: Yoga House on a Cliff / Portugal / 2020 (Participatory Award)

Worked in a team of four to produce a Yoga House. This project involved developing creative designs based on the brief and studies of cultural construction techniques.

Monash Undergraduate Award

Graduated with the highest Weighted Average Mark (WAM) in all units in the Bachelor of Architectural Design.
